

## Designing compelling language learning in key stage 3

1. What learning outcomes are we seeking?	Links to MFL Programme of Study

2. How can we organise learning to achieve these aims?	
<b>WHERE</b> will learning take place?	How will pupils' learning be sustained over time?
<b>HOW</b> will pupils learn?	How will it contribute to a coherent overall experience of learning at school?
<b>WHEN</b> will they learn?	How will it contribute to whole school aims and priorities?
<b>WHAT</b> will they learn?	How will we measure success?
<b>WHY</b> will they be engaged and motivated?	
<b>WHO</b> will they learn from and with?	

### 3. Practical issues

What will we need to make this happen:

Time?

Staffing?

Resources?

Preparation?

Collaboration and support?
